

New Partners

Welcome to The Marketplace Matters

Market Opportunities - If you are looking to understand how you fit into the emerging fuel cell & H2 industry, please [contact us](#). Two key areas are we are developing are:

[FC Stacks, Systems & Reformers](#)

- Range extenders for electric vehicles
- Hydrogen Infrastructure

Events: Over the past few months we have had successful trips to the CommnicAsia in Singapore and the European Fuel Cell Forum in Lucerne, Switzerland. Next month Fuel Cell Markets will be exhibiting on behalf of our clients at f-cell in Stuttgart, Germany from 27th to 28th September.

About Us

Fuel Cell Markets Ltd are a 7-year old independent company headquartered in the United Kingdom. We provide services to a global network of leading companies involved in the commercialisation of fuel cell and hydrogen technologies across all applications and operate one of the largest online resources serving these industries - www.FuelCellMarkets.com. Our team has unrivalled global experience and is connected at the highest level both in industry and the public sector, speaking and chairing numerous events around the world, consulting for leading OEM's and advising governments.
